

Sujan Chaudhary

As a self learner, I started learning frontend almost one and half year, during this period I explored many areas of frontend. While exploring, I learned basic frontend skills and created projects. I am very interested when talking about frontend. Also I have basic knowledge at backend technologies like Nodejs , Express and EJS templating engine. I have knowledge on SQL also. I think if I do this internship, my skills will increase, so I really want this internship.

EDUCATION

Bachelor's in BSc CSIT

Asian School of Management & Technology / Kathmandu, Nepal / May, 2022 - Present

+2

REHDON COLLEGE & SCHOOL / Kathmandu, Nepal / February, 2018 - December, 2020
